## Event Sponsors

**Thank you for supporting our community, local businesses and the Waldport Chamber!**

**The Waldport Chamber is honored to dedicate our event to the memory of three amazing crab catchers and cooks!**

**Bill Ternyila**

Bill Ternyila was the long-time owner and operator of Dock of the Bay, which is an icon at the Alsea Bay port docks. With his crab sets and boat rentals, Bill helped many locals and visitors learn and enjoy the art of crabbing. In fact, many made Dock of the Bay their yearly tradition with their 3 rings, 3 bait and 3 hours offer. Bill is fondly remembered as “a hell of a guy,” “my favorite person,” “one of a kind and a Man of God.” Bill will be missed, but Waldport will be sure his legacy continues.

**Kyle and Amber Novelli**

The Novellis owned and operated Novelli’s Crab and Seafood and the fishing vessel Aquarias at the Florence Marina. After their tragic loss in a boating accident, their sons are dedicated to carrying on in their memory. Notorious for Amber’s award winning crab chowder, “This place was my mom and Kyle’s dream and we won’t let it die with them.” On the day of their passing...“We will do everything in our power to keep this place open. My brother kept it together all day as I poured chowder while crying. There was no better way to keep our minds off of things then by making our momma proud and running her shop. I know she is smiling down on us because her dream is alive.” We are honored to sell Novelli’s crab chowder and shirts at Cruzin’ for Crab 2020.
